

YOLO COUNTY DEMOCRAT.

National Democratic Platform.

The Democratic party in National Convention assembled, representing the intelligence, patriotism and discriminating justice of the people, stand upon the Constitution as the foundation and limitation of the powers of the Government, and recognizing the liberties of the citizen, and recognizing the questions of slavery and secession as having been settled for all time to come by the war, or the voluntary action of the Southern States in Constitutional Convention assembled, and never to be re-opened, do with the return of peace, demand:

First—The immediate restoration of all States to their rights in the Union under the Constitution of civil government and the American people.

Second—Amnesty for all past political offenses and the regulation of the elective franchise in the States by their citizens.

Third—The payment of the public debt of the United States as rapidly as practicable, all money drawn from the people by taxation, except so much as is requisite for the necessities of the Government economically administered, being honestly applied to such payment, and when the obligations of the Government do not expressly state upon their face or the law under which they were issued does not provide that they shall be paid in coin, they ought in right and in justice to be paid in the lawful money of the United States.

Fourth—Equal taxation of every species of property, according to value, including Government bonds and other public securities.

Fifth—One currency for the Government and the people, the laborer and the officeholder, the pensioner and the soldier, the producer and the holder.

Sixth—Economy in the administration of the Government, the reduction of the standing army and navy, the abolition of the Freedmen's Bureau, and all political instrumentalities designed to serve negro supremacy; simplification of the system; and discontinuance of inequitable modes of assessing and collecting internal revenue; the burden of taxation be equalized and lessened; the credit of the country made good; all enactments for the enrolling of the State militia into national forces in time of peace, and a tariff for revenue upon foreign imports; and such equal taxation under the internal revenue laws as will afford incidental protection to domestic manufactures as well, without impairing the revenue, impose the least burden upon and best promote and encourage the great industrial interests of the country.

Seventh—Reform of abuses in the administration; the expulsion of corrupt men from office; the abolition of useless offices; the restoration of rightful authority to the independence of the Executive and Judicial Departments of the Government; the subordination of military to the civil power, to the end that the usurpation of Congress and despotism of the sword may cease.

Eighth—Equal rights and protection for naturalized and native born citizens at home and abroad; the assertion of American nationality which will command the respect of foreign powers, furnish an example and encouragement to people struggling for national integrity, constitutional liberty and individual rights, and the maintenance of the rights of national citizens against the absolute doctrine of immutable allegiance and the claims of foreign powers to punish them for alleged crime committed beyond their jurisdiction. In demanding these measures and reforms we arraign the radical party for its disregard of right and the unparalleled opposition and tyranny which have worked its career, after the most solemn and unanimous pledge of both Houses of Congress to prosecute the war exclusively for the maintenance of the Union under the Constitution, it has repeatedly violated that most sacred pledge under which, was rallied the noble volunteer army which carried our flag to victory. Instead of restoring the Union it has so far as it is in its power dissolved it and subjected ten States, in time of profound peace, to military despotism and negro suffrage. It has called the right of trial by jury; it has abolished the *habeas corpus*, that most sacred writ of liberty; it has overthrown the freedom of speech and the press; it has substituted arbitrary seizures and arrests, and military trials and secret Star Chamber inquiries for constitutional tribunals. It has trampled in the time of peace the rights of the people to be free from search and seizures. It has entered the post and telegraph offices, and even the private rooms of individuals, and seized their papers and letters, without any specification or notice of demand, as required by the organic law. It has converted the American Capitol into a battle. It has established a system of spies and official espionage to which no constitutional monarchy of Europe would now dare resort. It has abolished the right of appeal on important constitutional questions to the supreme and judicial tribunal, and threatens to curtail or destroy its original jurisdiction, which is irrevocably vested by the Constitution, while the learned Chief Justice has been subject to great and atrocious calumnies, merely because he would not prostitute his high office to the support of the false and perjured charges preferred against the President. His corruption and extravagance have exceeded anything known in history, and by its frauds and monopolies it has nearly doubled the burden of the debt created during the war. It has stripped the President of his constitutional power of appointment, even of his own Cabinet. Under its repeated assaults the pillars of the Government are rocking on their base, and should it succeed in November next, and inaugurate its President, we will meet as a subjected and conquered people amid the ruins of liberty and the scattered fragments of the Constitution. And we do declare and resolve that ever since the people of the United States threw off all submission to the British Crown the privilege and trust of suffrage have belonged to the several States, and have been granted, regulated and controlled exclusively by the political power of each State respectively, and any attempt by Congress to usurp, or text whatever, to deprive any State of this right, or interfere with this exercise, is a flagrant usurpation of power which can find no warrant in the Constitution, and if sanctioned by the people, will convert our form of Government, and can only end in a centralized, consolidated government, in which the separate existence of the States will be absorbed, and an unqualified despotism be established in place of a Federal Union of co-equal States, and that we regard the recognition of such a government as a usurpation, and unconstitutional, revolutionary and void.

That our soldiers and sailors, who carried the flag of our country to victory against a most gallant and determined foe, must be ever gratefully remembered, and all the

guarantees given in their favor must be faithfully carried into execution.

That the public lands should be distributed as widely among the people and should be disposed of either under the pre-emption of homestead lands, and sold in reasonable quantities, and to none but actual occupants, at the minimum price established by the Government. When grants of the public lands may be needed, necessary for the encouragement of important public improvements, the proceeds of such lands, and not the lands themselves, should be applied.

That the President of the United States, Andrew Johnson, exercising the power of his office in restricting the aggression of Congress on the constitutional rights of the States and the people, is entitled to the gratitude of the whole American people, and on behalf of the Democratic party we tender him our thanks for his patriotic efforts in that regard.

Upon this platform the Democratic party appeal to every patriot, including all the conservative elements, and all who desire to support the Constitution and restore the Union, forgetting all past differences of opinion, to unite with us in the present great struggle for the liberties of the people; and that to all such, to whatever party they may heretofore belonged, we extend the right hand of fellowship, and hail all such as friends and brothers.

HELMBOLD'S BUCHU.

The only Known Remedy

Diabetes, Irritation of the Neck of the Bladder, Inflammation of the Kidneys, Catarrh of the Bladder, &c., &c., &c.

For these diseases, it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. Are you troubled with that disgusting pain in the small of the back and through the hips? A teaspoonful a day of Helmhold's Buchu will relieve you.

Physicians and Others

PLEASE NOTICE.

I make no secret of ingredients. Helmhold's Extract Buchu is composed of Buchu, Cubebæ and Juniper Berries, selected with care, prepared in vacuo and according to the rules of

Pharmacy and Chemistry.

These ingredients are known as the most valuable Diuretics afforded. A Diuretic is that which acts upon the Kidneys. Helmhold's Extract Buchu acts gently. It is pleasant in taste and odor, free from all injurious properties, and immediate in its action. For the satisfaction of all, see Medical Properties contained in Dispensatory of the United States, of which the following is a correct copy:

"BUCHU. Its odor is strong, diffusive and somewhat aromatic, its taste bitterish, and analogous to that of mint. It is given chiefly in complaints of the Urinary Organs, such as Gravel, chronic catarrh of the Bladder, morbid irritation of the Bladder and Urethra, diseases of the Prostate, and Retention or Inconfinence of Urine, from a loss of tone in the parts concerned in its evacuation. It has also been recommended in Dropsy, chronic Rheumatism, cutaneous affections and Dropsy."

For further information see Professor Dewees' valuable works on the Practice of Physic. See remarks made by the celebrated Dr. Physic, of Philadelphia. See any and all standard works on Medicine.

Dr. Keyser is a physician of over thirty years' experience, and a graduate of the Jefferson Medical college and of the University of Medicine and Surgery of Philadelphia:

Mr. H. T. HELMBOLD—Dear Sir: In regard to the question asked me as to my opinion about Buchu, I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form or preparation of it I have not used or known to be used, in the various diseases where such moderate agent would be indicated. You are not cognizant of the various diseases of the bladder and kidneys; and the reputation it has acquired, in my judgment, is warranted by the facts. I have seen and used, as before stated, every form of Buchu—the powdered leaves, the simple decoction, tincture fluid extracts; and I am not cognizant of any preparation of that plant at all equal to yours. Eighteen years' experience ought, I think, to give me the right to partially give your precedence over all others. I value your Buchu for its effects on patients. I have cured with it, and seen cured with it more diseases of the bladder and kidneys than I have ever seen cured with any other Buchu, or any other proprietary compound of what fact for its base. Indication for its pillar, truth alone for its capital.

FROM THE LARGEST MANUFACTURING CHEMIST

IN THE WORLD.

I am acquainted with H. T. Helmhold; he occupies the drug store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise. Wm. Weighman, (firm of Powers & Weighman), Manufacturing Chemist, Ninth and Brown streets, Phila.

The proprietor has been induced to make this statement from the fact that his remedies, though advertised, are genuine preparations, and knowing that the intelligent refrain from anything pertaining to Quackery, or the Patent Medicine order—most of which are prepared by self-styled doctors, who are too ignorant to read a physician's simple prescription, much less competent to prepare their quack preparations. These parties resort to various means of effecting sales, such as copying parts of advertisements of popular remedies, and finishing with certificates. The science of medicine stands simple, pure and majestic, having fact for its base, and induction for its pillar, truth alone for its capital.

A Word of Caution.

Health is most important; and the afflicted should not use an advertised medicine, or any remedy, unless its contents or ingredients are known to others besides the manufacturer, or until they are satisfied of the qualifications of the party so offering.
